

Gateway International Festival March 17, 6-9 pm

Thank you so much for your interest in Gateway's First International Festival! This will be a wonderful time of sharing and celebrating our diverse Gateway community. We will have exhibits, performances, cultural foods, and art.

Exhibits are an opportunity to showcase a country or a community group. This is a good place to share information about the country, display cultural artifacts (clothing, art, musical instruments, etc.), or provide samples of food. Feel free to be as creative as you would like to be. Please keep in mind that your space will consist of one table (8'x 4'). If multiple people sign up for a country, we will ask you to collaborate, so that we can have enough space for all the families that are interested in participating.

For further questions, feel free to email dreynoso@gmail.com.

The following are the basic guidelines for exhibits:

- A Trifold display of information including: picture of flag, map of country, language(s) spoken, brief history (one paragraph), and type of government.
- Food samples: if offered, please keep these to small bite-sized portions. Also, if you hand these out, please write down the ingredients of the food item, so that people with food allergies and sensitivities can be aware of potential allergens before eating the food.
- Set up will be at 4:30 pm.
- We have minimal outlets. If you plan to bring anything that needs to be plugged in, please let us know so that we can plan accordingly.
